

Constraints

Working Title: King of Curries

Date: 11 March 2002

The first constraint on this production is access; since the restaurant is open from 6.00pm everyday shooting will need to be finished well before this time.

The owners have given permission to shoot during the day time so assuming a shooting schedule that begins at 10.30 am and finishes at 3.30pm this should leave 4 full hours of shooting time per day.

Since the location is literally around the corner from the Light House Media Centre getting equipment and people to the location is not going to be a problem. All Cast and crew are local to the W. Mids.

Shooting will need to take place on the last week of March but since there are only two shooting days scheduled for that week it may be necessary to negotiate an extra day on the Tuesday (26th March) of that week. If other productions are overrunning then there may be problems with lack of equipment. Therefore these will have to be booked in advance.

The production calls for food to be served but this will not be possible from the restaurant. Prop food will need to be acquired before hand.
